“The holy land has been chosen by God as the setting where two significant events unfold. One takes place on a mountain and the other on a plain. Mount Calvary and the Plain of Megiddo serve as the prominent stages for sacrifice and bloodshed that have shaped world history.”

Both are the result of God's enemies bearing the brunt of His wrath for their sins. From each event stems a feast: One is a celebration of remembrance for God's people, while the other is a meal of retribution for the wicked.”
